

## **ICKLEFORD PARISH COUNCIL - FINAL REPRESENTATION**

Sir, with your permission I will now conclude Ickleford Parish Council's representation to the NHDC Local Plan.

My background:

My family moved to Ickleford in 1940, and in that year I started attending Ickleford Primary School, later my 2 sons and daughter followed, and subsequently my 2 grandsons.

I am now in my 42<sup>nd</sup> year as a Parish Councillor.

I believe I know a little about the village!

As a community we take pride in the links we establish for our children between the Pre-School, Primary School, and St Katharine's Church. The Parish Council, and Ickleford residents, believe this is core to creating a caring, supportive and vibrant environment for future generations to build on and thrive in.

Today we have presented to you a very detailed submission, where we have highlighted many areas of the NHDC Local Plan being unsound, strewn with errors and with numerous omissions.

Sir, the residents of Ickleford only request Natural Justice.

Thank you, Sir.
